750 Sport for Sale. This far north people are beginning to think about snowmobiles, not motorcycles. Its a 1975 Sport, excellent condition, under 3,000 miles on it (never raced) I added another brems disc up front, heads were ported and polished, (nothing radical), I added another seat, (still have the stock one), and it has a nice quarter fairing painted to match. It is a beautiful bike. You might also like to know that even though I'm selling one Ducati, I've already got another, a 1977 900 Desmo, the only bike I'd sell my Sport for. The price \$2,200. Its definitely worth it. John S. Gertz, 9485 Franlo Road, Eden Prairie, Minn. 55343.

Your Dioc is looking for magazine articles past and present, that have something to do with Ducatis. Foreign publications are welcomed. Very few people have sent us this kind of material so we don't have much at the time. If we get double copies of an article we can keep one and share the other with someone who needs it. Please don't forget us.

We are looking for people who can write stories, technical ar-

ticles for the Newsletter. If you would like to do a cover for us make your rendering on a piece of paper 7" x 8" in black and white.

We now have a photo gallery, so get us some pictures and you may find yourself in the DIOC Newsletter. All photos must have a Ducati in it.

Don't forget that members get free classified ads such as the ones on the left of this column. DEALER ADS, cost \$10.00 for the ones like you see on this page.
