FOR SALE: PHIL SCHILLINGS 125cc Formula III Production Racer. complete with street equipment, 99 per cent original. Reconditioned and restored by Phil Schilling in California in 1975. Its probably the only one in the U.S. that's been refurbished. A mantlepiece bike, it's been ridden very little since restoration. Three reasons: 1) Engine loves its megaphone; police hate it; 2) very steep first gear in the close-ratio four speed is unhappy with stop-and-go business; 3) the bike is perfect now, so why ding it. Besides, your Local Ducati dealer won't have parts for it. Will only be sold to someone who will cherish it and protect it. The bike is just too rare and too good a piece for some klutz to grandstand at the local Burger King. See DIOC #2 for mechanical details. \$2000. Serious inquiries via mail only to: Phil Schilling, Exec. Editor, Cycle, 780A Lakefield Road, Westlake Village, CA 91361. Please, no telephone calls
