Public Notice We would like to recall from all those buyers who bought our Ducati Exhausto After Shave lotion. The ingredients used in this lotion contains carbon monoxide, and well, its not a good idea to wear it if you are goin to drive in an enclosed car. We originally intended the lotion to be used on a Ducati, but the late Guglielmo Pierelli and his girl frind Sophia Del Orto served to point out to us that although the fragrance of a Ducati exhaust is very nice we find that minor revisions will need to be made to correct this problem. We apologize for the inconvenience this may have caused you. The Smell Foundation Co., Nackuded Rd, Freshheir, Fla. 33149
